SUMMARY

OSCP-certified penetration tester and security consultant with 5+ years of experience. Specializes in Active Directory exploitation, network and web application testing, DFIR, and vulnerability management. Builds custom offensive tooling to support engagements.

CERTIFICATIONS

OSCP (2023) CRT0 (In Progress)

TECHNICAL SKILLS

Offensive: Burp Suite, Metasploit, BloodHound, Sliver C2, Nessus, Nmap, Hashcat, Impacket, CrackMapExec

Domains: AD Exploitation, Web App Testing, Thick-Client Testing, DFIR, Vuln Management, Cloud Security

Languages: Python, Bash, PowerShell, JavaScript

EXPERIENCE

Security Consultant & Penetration Tester – Ghostscale

Jul 2024 – Present

- Lead penetration testing engagements across network, web application, and desktop application environments for clients across diverse industries.
- Execute Active Directory and Windows network attack path assessments targeting delegation, GPO, and certificate services misconfigurations.
- Conduct DFIR engagements and manage vulnerability assessment programs with risk-based remediation prioritization.
- Develop custom offensive tooling and advise clients on security posture improvements and hardening strategies.

Information Security Engineer – Tenable

Jul 2023 – Jul 2024

- Performed vulnerability assessments within FedRAMP environments; communicated findings and remediation strategies across 12+ teams.
- Validated remediation against external penetration test findings; developed and documented security programs and policies.

Technical Support Engineer – Tenable

Aug 2022 – Jul 2023

- Managed ~20 daily cases across Tenable Cloud and Nessus; performed advanced troubleshooting through log analysis and environment replication.

Systems Engineer – ITX Tech Group

Jun 2020 – Aug 2022

- Managed patching, MFA deployment, and IDS implementation across 1,000+ systems for 30 businesses; coordinated incident response efforts.

EDUCATION

B.S. Information Technology, Network Management – Herzing University

2015 – 2018

COMMUNITY

DC608 Treasurer – Host monthly meetups, mentor members in offensive and defensive security, teach online training sessions.
